COUNCILLOR OPEN FORUM

There were no questions or comments from Council.

GALLERY OPEN FORUM

M. Palmer:

- Expressed concern with the draft Feeding of Wild Birds and Animals Bylaw, particularly the section that states that spilt bird seed must be cleaned up, as many songbirds will only feed off of the ground. Palmer does not believe that birdseed on the ground is a major attractant of other wildlife.

P. Carson:

- Expressed concern with the Feeding of Wild Birds and Animals Bylaw. Carson explained how intelligent ravens are and the unique relationship that they have with humans, and believes that due to this, ravens should not be considered 'wild' animals. Carson does not believe that it is in the Town's best interest to monitor the feeding of wild birds and expressed concern with the potential fines and enforcement. Carson proposed a solution to create a sanctuary where bird enthusiasts and tourists could view and feed ravens to reduce nuisance situations within the municipality.

P. McLeod:

- Asked if the Town knew why there were red crosses spray painted in the snow around the community. One potential explanation provided was that it could be ATCO mapping out transformers.
